I know what I want
I know what I need
Ain't no doubt about it
She's my company

I feel right inside her
'Cause she's so mean to me
The engine sounds like thunder
There's only one place to be

Take it to the highway
'Cause it's the only way
Take it to the highway
'Cause it's the only way

Take it down the backroads
I leave it all behind
The people and the places that I
Have to be on time

Well I don't want to hear it
Your talk and all your lies
When I need to get around
Ya know where I'll be found

Take it down the backroads
I leave it all behind
The people and the places that I
Have to be on time
I don't want to hear it
Your talk and all your lies
When I need to get away
There's only one place to be
