Music & Lyrics: T. Pulit

You say you want love
But you're scared to try
I know you too well
You say you can't give
What you never had
You know I can tell

'Cause your love is slowly fading
So far you can't get back now
Your love is slowly fading

The fire's burning
Out of control
Don't ever let me go

The fire's burning
Out of control
Don't ever let me go

Well I remember
The game you always played
I know you too well
But when it comes down
To finally letting go
You know I'll be there

Your love is slowly fading
So far you can't get back now
Your love is slowly fading
