In the morning  
Don't say you care  
'Cause you wanna keep me to yourself  
And I don't wanna share

Always pushin'  
'Cause that's your style  
Well there's only so much time for you  
And I got better things I need to do

'Cause you don't  
You don't keep me satisfied  
You don't, you don't keep me

Hit the nightlife, I lost control  
Now there's trouble  
Walking in the streets of Rock'n'Roll  
Hangin' with the guys

Well I told her just to get away  
Now there's nothing left  
For me to say
