"The Prophecy"

People are in big confusion
They say... it's not real, it's an illusion
Satan has made his conclusion
He's waiting and prepare the war
Humans still believe in liars
Slaves of dreams, it's dark desire
Lord of the sun, god of fire
The angel is winner of war

Heaven on fire.....fallen angels
Prophet will destroy the heaven's door
People cry the devil is smiling no more change
Now! It's the only way.....

People are in big confusion
They say... it's not real, it's an illusion
Satan has made his conclusion
He's waiting and prepare the war
