Don't you know that the angels, in some wild and secret heart

Doubt for those who get the wrong things

And those who want to get caught

You don't have to doubt no more

You don't have to count on cryin'

No one can win a heart like yours

But damned if he ain't tryin'

CHORUS

Put on your diamond shoes

Put on your diamond shoes

The ones you talk about

That shine like brand new

The ones you've no place to wear

Sure you'll never use

The ones you look so pretty in

Go put on your diamond shoes

There is no rain comes down, you don't carry in your hand

For whoever gets the wrong things right

Since no one understands

There is no flower I know

Deserving of your hair

But damned if he don't come every night

To try and pin one there

CHORUS

Put on your diamond shoes

Put on your diamond shoes

The ones you talk about

The ones you're scared to use

You don't have to doubt no more

They'll always shine like new

You'll look so pretty walkin' in your

Diamond shoes

Where the road was wet and rough

You kicked and swore them off

Now it's gettin' on time

They were back swingin' at your side

CHORUS

Put on your diamond shoes
Put on your diamond shoes
You'll look so pretty walkin' in your
Diamond shoes
