My blood runs cold, my heart is silent  
Rumours around me slowly fade  
Clouds are forming and going away  
Circadian rhythm won't lead me today

Searching a way out of this nothingness  
The ultimate ride to escape from reality  
Senses are fading, emotionally numb  
But no salvation until it is done

Standing on the edge I look back on my life  
Fearing the moment that's bound to arrive  
How will I know what to do  
How will I know what to say to you

When all is done  
The ever-returning stench of existence  
Smacks back in my face  
The empty void that is mankind

Standing on the edge I look back on my life  
Fearing the moment that's bound to arrive  
Not knowing how or where to go  
Ignoring all thoughts emerging from the past

Never will I take part in this carnival of lunatics  
Never will I recognise men's fate  
Only one thought that conquers the mind  
The ultimate ride out of this misanthropy

My blood runs cold, my heart is silent  
Rumours around me slowly fade  
Clouds are forming and going away  
Circadian Rhythm won't lead me today  
I will not break, I will survive  
Crossing the bridge between nothing and life

Standing on the edge I look back on my life  
Fearing the moment that's bound to arrive  
Not knowing how or where to go  
Ignoring all thoughts emerging from the past

Never will I take part in this carnival of lunatics  
Never will I recognise men's fate  
Only one thought that conquers the mind  
The ultimate fight against misanthropy
