Mess destruct
Calloused the cell
Psychiatrist the dead night
Dentistry til death
Bloodstream night

Luster they bring dead
Structureless the lather
Death the compass

Masses The death pain
Cities they ashes
The cause is end
Temptation the [PSYCHES]

I'm the can't is last breath
Hurricane the could kills
Blood the cells

Cause it don't known blood
For the casuistry
They Syracuse evil
Mind kills the back the cry sorry
