Do you mind, I've misplaced myself again  
Do you understand my meaning?  
Where am I, I don't know, but you do  
Could you tell me where I'm going?  
There you go, you're (I'm) on a roll

(You're so lost)  
I'm totally lost  
And I'm dreaming of why  
(What you searching for?)  
And it's something so far beyond my reach  
(Dream, dream) Du du (Dream, dream)  
I'm still searching, but I may not see  
(You may not see just so clearly as you think)  
And I'm longing to find the way back home 'Cause I'm  
lost

Do you mind, I've misplaced myself again  
Could you tell me where I'm going?  
Close your eyes, spin in circles for a while  
Point me in the right direction please?  
There you go, you're (I'm) on a roll

(You're so lost)  
I'm totally lost  
And I'm dreaming of why  
(What you searching for?)  
And it's something so far beyond my reach  
(Dream, dream) Du du (Dream, dream)  
I'm still searching, but I may not see  
(You may not see just so clearly as you think)  
And I'm longing to find the way back home  
'Cause I'm lost
