Mighty lord of the blackest hate
The night has finally come
To spill the blood of holy men
To wage unholy war
To crucify the flock of Christ
To blaspheme every soul
To desecrate the throne of god
And rule the Earth once more

Lord Satan
The new order shall be fulfilled
To slaughter every righteous son
Destroy the reign of Christ
Onward to the massacre
Of feeble fucking pigs
No man of light shall live to see
The Cleansing of our world

Behold the new age

Darkest, hating, evil lord Satan
Jehovah lays butchered
Heaven is burning
