New world pyramid scheme in  
Place to distract  
Senses seduced so you never will react  
Threaten the sanctity of the illusion  
Unlearn. Start altering the definitions

Force fed more fear so you  
Relinquish control  
Passion we must return  
Liberate the soul  
In a system where acceptance s  
Valued more than the truth  
Flawed perception of our progression  
Through that which we consume  
Revealed through The Ancient Of Days

Resistance-Resistance is defined  
Subversion-Subvert the paradigm  
Awake Within A World  
Asleep And Enslaved  
Awakened On My Own  
In Ancient Of Days

Sleeping. Dreaming. Bleeding. Awake.

Eyes shut in a collective hallucination  
Lulled by comfort and consumption  
An entire empire of souls dreaming their lives  
Mankind is not superior we're just  
Legends in our own minds
