I want to rip out your heart from your body,
You have betrayed me and you made my heart die.

We made a promise to bond forever, you turned your
back on the one who loved you.
This force of evil stole you away, though it's entrapped
you I will not be destroyed.
This force of evil, This source of lies.
This force of evil I am sent to destroy.
Betrayed by love.
This love is gone.

We made a promise to bond forever, you turned your
back on the one who loved you.
This force of evil stole you away, though it's entrapped
you I will not be destroyed.
This force of evil, This source of lies.
This force of evil I am sent to destroy.

This whole time you said you loved me, and at the
same time you made me cry.
This love made me so happy, but in the end it was just
a lie.

This demon forced our destruction, This demon
crossed the line.
This demon forced our destruction, and now it must
die.
I will decapitate all the fallen angels.

You think this is your justice, your downfall soon will
come.
You think this is your justice, your dying heart, your
mind is gone.

Your lust has become a disease of fire,
Fueled by the weight of satans empire.

You think this is your justice, your downfall soon will
come.
You think this is your justice, your dying heart, your

mind is gone
