

## Thy Serpent "Treason"

Visit "[Treason](#)" on MotoLyrics.com

Slumber nailed fear  
Retribution reach me  
Deceive leashed cross  
Traitor

Church breeds witchery  
Sorcerers ravage dance  
Come and kiss his throne  
Betrayer

Trace the liturgy  
Wallow in fragile lies  
When crown bares my thorns  
Reach for me

How luster of sainted viper  
Seduces thy daughters with ease  
Trace the liturgy

Inbred truth so hollow  
Be the one above trinity  
Accuser

Ascend through immortal blood  
Revere my reign with screams  
Patricide
