

Thy Will Be Done "Eyes For The Blind"

Visit "[Eyes For The Blind](#)" on MotoLyrics.com

My heart is buried within the Earth
Root and vein entwined (of dust it's birth)
Revealing secrets made known to thee
What shall come to pass (clandestinely)

Concealing mystery
Revealing the majesty
Through seeing I am free
The healing locked within me
Raising The Fallen
The Eyes Of The Blind Are Open
Now

Eyes for the blind

I touched the mountains and made them smoke
Fed by the ravens and drank up the unknown
Behold destruction , wars and disease
When the hope is lost tomorrow's never seen
