Reveal, whose name we summon in dark.  
Stir up the nocturnal dominions, under the ghostly  
fullmoon.  
Persecute the sleeps of thee which decline to confess,  
the hypocrisy in their hearts.

Come forth, behind the fiercing nightstorms, open the  
chasm of the pit  
And immortalize thy appearing again and again.  
Penetrate the subconscious minds, excite those groping  
thoughts,  
And mesmerize the to reborn in true heathen divinity.

Harness the flames to remind...disallowed are the  
remains of god,  
And buried into maze of abandoned empyrean.  
Masters received, thou are as as confidants in darkest  
triumphant,  
To seduce and prepare the mortals for ritual of  
strength, revenge, glory and hell!

[chorus]  
In this night the fires comprise so strongly,  
Expressions of saviours disciplines be stricken with  
terror.  
Gather with us and combine with blaze of magic.  
Feel the fulfillment and pleasure of sacrifices desire.

Reject the king of non-existence, burn the priests at the  
stake.  
A christendom reaps what it sows in the flames of  
gehenna.  
Breathe in deep draughts the heaven heights.

[repeat chorus]

I become entangled by the flash of lightning, the winds  
shall carry our dominions from hell.  
I order the powers of darkness to perpetuate these  
memories.  
To the walls of kingdom infernal.

[repeat chorus]
