You know, I've waiting so long  
So long to let you know how I really feel  
I've always wanted to let you know  
I've always cared for you  
I'm still in love with you  
Your the only one in this world  
I consider my first true love  
And if you come back to me  
I'll always be waiting  
Today, tommorow and forever

I've always wondered where you are  
Knowing that I'm so in love with you  
I hope you come back to me some day  
I'll always be waiting in a special way

Chorus:

First true love is the one I'm thinking of  
It's because it's my first true love  
And baby it's you  
Repeat (1x)

I wonder if you feel the same  
Always thinking of me day by day  
I hope your in love with me  
And hope your not blind to see  
The possibility of you and me

Chorus (2x)

I see the people standing all around me  
They feel the music baby they have found me  
But I know the truth, and baby it is you  
Oh baby can't you see that I am crying  
My heart is hurting please now help me find the love I  
had  
When I was with you

Chorus (2x)
