You're on the air, I'm under ground  
Signal's fading, can't be found  
I finally open up, for you I would do anything  
But you've turned off the volume just when I've begun  
to sing

Come to your senses, defenses are not the way to go  
And you know, or at least you knew  
Everything's strange, you've changed and I don't know  
what to do  
To get through, I don't know what to do

I have to laugh  
We sure put on a show  
Love is passe in this day and age  
How can we expect it to grow?

You as the night  
Me as the dream  
All I've got tonight  
Is static on a screen

Come to your senses, the fences inside are not for real  
If we feel as we did, and I do  
Can't you recall when this all began  
It was only you and me, it was only me and you

But now the air  
Is filled with confusion  
We've replaced care  
With illusion

It's cool to be cold  
Nothing lasts anymore  
Love becomes disposable  
This is the shape of things we cannot ignore

Come to your senses, suspense is fine  
If you're just an empty image emanating out of a  
screen  
Baby be real, you can feel again  
You don't need a music box melody to know what I

mean

Deep in my eyes, what do you see  
Deep in my sighs, listen to me  
Let the music commence from inside  
Not only one sense, but use all five

Come to your senses  
Come to your senses  
Come to your senses  
Baby come back alive
