I don't know what went wrong
If I did wouldn't matter 'cause
It just wasn't enough

You know when the moment comes
To be strong, show resistance
That's what we're led to believe

When the big world falls apart
And you think that the feeling will linger
You need somewhere to start
I will be here, I will be here

You don't mind if life's not that pretty
It will soon disappear
It will be miles away
Away from here

When the big world falls apart
And you think that the feeling will linger
You need somewhere to start
I will be here

And when it all seem to fall apart
You can't breath
You don't know what you're thinking
You need somewhere to start
I will be here, I will be here

Oh, oh, oh, oh, oh
I will be here, I will be here
Oh, oh, oh, oh, oh
I will be here, I will be here

When the big world falls apart
And you think that the feeling will linger
You need somewhere to start
I will be here

And when it all seem to fall apart
You can't breath
You don't know what you're thinking

You need somewhere to start
I will be here, I will be here
