Wish I was a better man,
Wish I had a better plan for dealing with this
What am I, what am I to do now?

Maybe I should run away?
Maybe I could run away and never be found.
What am I, what am I to do?

The way I'm feeling
The dreams that I'm dreaming.
Can this really be happening?
Can this really be true?

Ur...

My love of my life,
My heart and my soul,
Just trying to keep the world from smashing, crashing
in.

I had this dream the other night,
I had this crazy dream the other night.
How have I? How have I arrived here.

My heart is elated
But my head is exhausted
This is powerful magic
Can it really be true?

Ur...

My blood is in your blood,
My breathe is in your mouth.
Just trying to keep the world from smashing, crashing
in.

What about us? What about all the plans that we made?
What about all those careful plans?
Just careful plans we made up
Ah, nothing's clear.

Full of fear,
Full of hope,
Full of you.

My love of my life,
My hole in my soul,
Just trying to keep the world from smashing, crashing
in.

Ur...

My blood is in your blood,
Just trying to keep the world from smashing, crashing
in.
