You can move your lips forever  
But you better face the facts  
Just don't dream of us together  
Think about the way you act

Ah-ha  
This time, gotta find a new deal  
Watching you and all your games is unreal  
This time, think of what to do  
What I expect from you is just to be true

What can we do to celebrate  
What can we do  
(Oh, oh, oh, oh)

What can we do to celebrate  
What can we do  
(Oh, oh, oh, oh)

(Chorus)  
Pride - a deeper love  
Pride - a deeper love  
Pride - a deeper love  
Oh, oh, oh, oh

Pride - a deeper love  
Pride - a deeper love  
Pride - a deeper love  
Oh, oh, oh, oh

Yeah  
A deeper love  
A deeper love  
A deeper love inside

Guess you need a new direction  
Let me help you to decide  
In the mirror, your reflection  
Won't be me right by your side

This time, gotta find a new deal

Watching you and all your games is unreal  
This time, think of what to do  
What I expect from you is just to be true

(Chorus)

Pride - a deeper love  
Pride - a deeper love  
Pride - a deeper love  
Oh, oh, oh, oh

Pride - a deeper love  
Pride - a deeper love  
Pride - a deeper love  
Oh, oh, oh, oh

(Chorus)

Pride - a deeper love  
Pride - a deeper love  
Pride - a deeper love  
Oh, oh, oh, oh

Pride - a deeper love  
Pride - a deeper love  
Pride - a deeper love  
Oh, oh, oh, oh
