Be With U Tonite

I wanna be with u tonite  
And every other nite  
From now until forever

I was just standing there only thinking  
You were looking in my direction  
Pulling me closer with your intention  
Nowhere to turn from this love in motion

And now I can't escape you and me  
Can't escape me now  
You belong in my arms

I wanna be with u tonite  
And every other nite  
From now until forever  
I wanna be with u tonite  
I don't need a reason why  
We were meant to be together

I was just looking for someone to talk to  
You were looking for my surrender  
I didn't know that my heart was so empty  
Lying to myself I was just pretending

And now I can't escape you and me  
Can't escape me now  
You belong in my arms

I wanna be with u tonite  
And every other nite  
From now until forever  
I wanna be with u tonite  
I don't need a reason why

We were meant to be together

I wanna be with u tonite  
And every other nite  
I wanna be with u tonite

And every other nite

I was just standing there only thinking  
You were looking in my direction  
Pulling me closer with your intention  
Nowhere to turn from this love in motion

And now I can't escape you and me  
Can't escape me now  
You belong in my arms

I wanna be with u tonite  
And every other nite  
From now until forever  
I wanna be with u tonite  
I don't need a reason why  
We were meant to be together

I wanna be with u tonite  
And every other nite  
From now until forever  
I wanna be with u tonite  
I don't need a reason why  
We were meant to be together
