(Bow wow)

Dark child

Yes yelling to the lite beat and

It's b-dub and tiffany and

We are in the place to be and

We came in to move your feet and

Get things jumping like there supposed to

Teen magazines were jumping right out the posters

Can't believe what you saying in lip gloss

I know you can't believe she getting older

(Tiffany)

She's just a teen,

So how could she

Really know what she wants

I can't believe

You'd think I'd run and tell you're mean to me

When its really like

She mean ain't she.....

I know just what you think

You're so stuck in the past

Like stone-washed jeans

And I can endorse

Anything through me

Im flyer then you'd ever thought I'd be.....

(Tiffany-pre chrous)

You wonder why im so cold

You coulda been more involved but no

I'm not the girl that you knew before

I can't believe you didn't I'm grown

(Tiffany-chrous)

Im grown now

Certified and all that

You say want you want

You cant take a thing from me

Im grown now (oh) I,I,I'm grown now (im grown)

I'm grown now

Got my own money

You ain't gonna run me

I ain't no dummy
I'm grown now (yea...) I,I,I'm grown now (grown)

(Tiffany)

I can't believe, they tryna block me
Just to playing them games I thought you'd be
Up in my lead but no you can't compete
Back up don't touch gotta give me 50 feet
Cuz imma on another level
Im bringing things to life like im japetto
This is the last time that im gonna tell you
Im doing it big now, you wanna piece let it go

(Tiffany-pre chrous)

You wonder why im so cold
You coulda been more involved but no
I'm not the girl that you knew before
I can't believe you didn't I'm grown

(Tiffany-chrous)

Im grown now
Certified and all that
