Somebody's got me looking for you,

Somebody's got me looking for you,

Somebody's got me looking for you,

Who can it be?

(Are you alone now?) I know she's with him,

(Are you at home now?) I'd like to come in.

Oh boy.

Johnny's got the inside moves,

Johnny's got the inside moves,

Johnny's got the inside moves,

On me!

Somebody's got me looking for you,

Somebody's got me looking for you,

Somebody's got me looking for you,

Who can it be?

(Are you alone now?) I know she's with him,

(Are you at home now?) But I'd like to come in.

Oh boy.

Johnny's got the inside moves,

Johnny's got the inside moves,

Johnny's got the inside moves,

On me!

No matter how hard I try,

Can't get her out of your eye.

I don't know what,

You see in her,

(Ooo, Ooo) Oh...

Johnny he moved down on ahead,

When I was away,

But you better step back now girl,

And watch it!

(Are you alone now?) I know she's with him,

(Are you at home now?) But I'd like to come in.

Oh boy.

Johnny's got the inside moves, (Well yes he does,)

Johnny's got the inside moves, (Oh...)

Johnny's got the inside moves, (Look out now, look out now...)

Johnny's got the inside moves,

Johnny's got the inside moves, (Johnny's got the inside moves)

Johnny's got the inside moves, (look out Johnny, look out..)

Johnny's got the inside moves, (hold on a second)

Johnny's got the inside moves, (oh yeah, yes he does.)
