We're off to the right start
Put your hand on my heart
Feel it beat with sweet intention
Don't tell me 'sit tight'
I'm too excited tonight
Every touch takes me to heaven
Got so much love inside, you know we're gonna make it
Come here and turn the key, unlock all this extacy

Let's start a life affair
We have no time to spare
To show how much we care
Come on now let's start a life affair
You know I'll be right there
We make the perfect pair

High as a kite now
I've got perfect sight now
I can see beyond forever
It's gonna be just you and me boy
Every day a new joy
Loving more than we can measure
So many dreams out there,
I know where we can find them
Can't wait a minute more,
You're all I've been waiting for

Let's start a life affair
We have no time to spare
To show how much we care
Come on now let's start a life affair
You know I'll be right there
We make the perfect pair

Dancing together this dance that lasts forever
Never been so in love
Eyes bright and open, a thousand new emotions
Raining down from above

Let's start a life affair

We have no time to spare
To show how much we care
Come on now let's start a life affair
You know I'll be right there
We make the perfect pair
