All I want is written on my face
You're bound to find something
And all your words that held me into place
Were nothing but lies

Another time I might have watched the things I said
But I can't see

Somebody...
Open my eyes for a little while little while
Make me forget all the things I see
Til then til then don't know what I'll see
Til then til then don't care what I'll see
I'll stand and stare until I go blind
Will you open my eyes?

Don't mind me
You know me inside out
That's the way that you left me
And you won't find me
Begging for a chance
to have you burn me again.

Another time I might have watched the things I said
But I can't see

Somebody...
Open my eyes for a little while little while
Make me forget all the things I see
Til then til then don't know what I'll see
Til then til then don't care what I'll see
I'll stand and stare until I go blind
Will you open my eyes?

Another time I might have watched the things I said
Another place you might have left me here for dead
Another time...

Somebody...
Open my eyes for a little while little while
Make me forget all the things I see
Til then til then don't know what I'll see

Til then til then don't care what I'll see
I'll stand and stare until I go blind
Will you open my eyes?
Open my eyes.
