Night falls so hard
I'm just not what I used to be
Left in the dark
You have wasted and walked over me

It's alright, I'm not looking for more
I was not prepared to be your lover
Not aware that love could smother me

You get elaborate with your lies
Computer dreams slip through your eyes
Baby, you like to be the king of paradise
So sweet and...

Ruthless
Everybody says your ruthless
And it's useless
I don't know how I got through this

You took my love
You were so self assured
You were everything I ever wanted
You always have the power to endure

That's alright...

I'm not looking for more
You do everything you know you shouldn't
I just have to bite the bullet...oh

Dutiful love don't make right, you got my back on that
alright
Baby you like to be the king of paradise
So sweet and...

Ruthless
Everybody says your ruthless
And it's useless
I don't know how I got through this

Ruthless
Everybody says your ruthless
And it's useless
I don't know how I got through this

Five will get you ten I'll find another lover who's born to
bend

Ruthless
Everybody says your ruthless
And it's useless
I don't know how I got through this
