Unbound to the pale and lifeless day
By the multicolored, multiform
A spinning anti dream unthought
Exceeding the obsolete reality

Overheated inner shape generator
Blowing every cerebral fuse
Insanity filtered and systematized
Feeding the tools of mind abuse

Mind signal transmission peaked
Distorted, bent, unrestrained
Neuroreceivers short circuit
System parameters over gained

Nerve threads decoding the stream
Of the reality inverting revolution
The patterned untruth of non dream
The closed eye visual delusion

A frantic cellular race down
The switchbacks of mind
Throttling the existence engine
A propulsion beyond all limit lines

Convulsive thrusts of septic energy
As infected cells collide
Unleashing the video bacterial disease
The sinew conducted pseudo vision

Mind signal transmission peaked
Distorted, bent, unrestrained
Neuroreceivers short circuit
System parameters over gained

Nerve threads decoding the stream
Of the reality-inverting revolution
The patterned untruth of non dream
The closed eye visual delusion

Self unfolds like a disintegrating dream
All revealed but the sinister cause

My lying eyes come apart at the seams
Still how could I ever regret the loss

The self transformed into wave lengths
Reverberating this unyielding dream
Lost in this greedy illusion
I'm forever devoured by the closed
Eye visual delusion

A twirling visual overload
Explosions of terror and beauty
Colors of fear and pain within
Clash into unanything

A spectra organic frenzy setting fire
To the neuro highways of mind
Revolving me away from time
A soul now rendered unassigned
