No more ifs, no bias, no ambiguity  
No wondering whether this is it  
Clarity, so brightly shining  
The image so painfully absolute

No edges blurred on this awareness  
No unknown weight to tip the knowledge scales  
Eyes dilated to grasp it all  
As every illusion of what we are fails

An unquestionable picture, determined, complete  
Its crystalline lines untouched by doubt  
So vivid, so deprived of hesitation  
Shining in its evil splendor

The burning hatred of man  
A million degrees on display  
Human voracity delineated  
The demons in us all by fumes portrayed

Stare, see, take in, grasp  
Comprehend, assimilate  
Behold your reflection

The framing gold plated lies  
The canvas hurting souls caught and weaved  
The artist, the human dream  
Incinerated, devoured, deceived
