I'm a carnal, organic anagram
Human flesh instead of written letters
I rearrange my pathetic tissue
I incise, I replace, I'm reformed

I eradicate the fake, pre-present me
Elevate me to a higher human form
The characters I am
Made into a word complete then I'll be the new norm

Self inflicted fractures
I replace my bones with bars
Aluminum bleeding oxide
The drug of Gods into my pounding veins

My receiving eyes exchanged with fuses
Blindness induced to prevent destruction
Ceramic blades implanted
Past my ribs to save me from the dues of inhalation

I tear my worldly useless skin
Staples to pin it over my ears
Non-receptive of ungodly sounds
I disable the audio generators of fear

Hexagonal bolts to fill my mouth
Sharpened to deplete
The creator of all violence
Without speech there will be no deceit

Baptized in vitriolic acid
A final touch, a smoothing of features
Completion of the greatest art
To cast the godly creatures

Humans, once astray, made divine
Stripped of congenital flaws
We're incandescent
Revelations in a world of darkened forms

Disciples, come join with me
To save a failed humanity

Follow the God of cyanide
Into the new eternity

Behold a sacrificial erase
A cleansing worshiping of pain
The new millennium Christ
Here to redeem all from lies, lies
