Music: Fredrik Thordendal

Lyrics: Tomas Haake

Squint your eyes to see clearly. Blur reality to make
it real

Let focus go from your deceiving eyes to know what's
been concealed

We've all been blinded - Subjects to visual
misinformation

A systematic denial of the crystalline

To see the fine grain, to read the hidden words

The context of parallel truth - Devoid of
fragmentation

Our light-induced image of truth - Filtered blank of
its substance

As our eyes won't adhere to intuitive lines

Everything examined, Separated, one thing at a time

The harder we stare the more complete the

disintegration. -Dissolution

Eyes re-opened, Reasoning focalized, Receptors
activated

Perspectives distorted

The ladder beyond our grasp

The twin-headed serpent forever hidden

Where's the true knowledge -

Where engines of the sane & insanity merge

The clarity. The unity

Reality untouchable, transparent, invisible

to our fixed, restricted fields of vision

Existence taken for granted. -Absolute

Possessed, owned, controlled

By the common sense-infected rational gaze

Onward forever we walk among the ignorant

Never stray from the common lines
