You wanna know why I'm not into you like before  
You wanna know why I am always facing the door  
Why don't you think about your promises I live for  
You broke them all and now they're lying on this cold  
floor

My love  
Not something you can play with  
My love  
Is not gonna be mistreated  
My love  
Was everything you needed  
My love  
Is leaving here with me  
Cuz I'm over it  
All the heartache you put me through  
Over it  
All the things that you said you'd do  
Over it  
And we got nothing more to say and it will never be the  
same so get out of my way  
Over it  
It's too late for an apology  
Done with this  
Cause your words will never be believed, through with  
it  
You had your chance to be with me  
I'm over it  
But now that's just a memory  
Ohh, ohh I'm over it...

All those times I tried to warn you bout my feelings,  
You disregarded me like you just couldn't do ittt  
So maybe now you'll understand that I was sinking  
Where were your hands to pull me out what were you  
thinking

My love  
Not something you can play with  
My love  
Is not gonna be mistreated  
My love

Was everything you needed  
My love  
Is leaving here with me  
Cuz I'm over it  
All the heartache you put me through  
Over it  
All the things that you said you'd do  
Over it  
And we got nothing more to say and it will never be the  
same so get out of my way  
Over it  
It's too late for and apology  
Done with this  
Cause your words will never be believed,  
Through with it  
You had your chance to be with me  
I'm over it  
But now it's just a memory  
Over it  
Ohh ohh I'm over it...  
You never gonna be with me  
Boy can't u see that there is now way  
Ur never gonna be with me it's just a dream  
So y u gotta botha me boy u should leave  
Cuz you lost your place - in my heart, in my life, in my  
soul  
So goodbye... !  
I'm over it  
All the heartache you put me through  
Over it  
All the things that you said you'd do  
Over it  
And we got nothing more to say and it will never be the  
same so get out of my way  
Over it  
It's too late for and apology  
Done with this  
Cause your words will never be believed  
Through with it  
You had your chance to be with me  
I'm over it  
But now it's just a memory  
Ohh ohh I'm over it...
