Here in my mind, I'm all alone
Silence is gold like the rain
I'm hoping to find some meaning
To justify all this pain...

Deep in the forest of my mind
Darkness draws me in
Light in the path I try to find
Nighttime is neverending...

Just give me some kind of sign
To let me know I'm on the road
That I'm supposed to be
In this space I am confined
In a stone cell on my own
One day I know I'll be free

Haunted by demons from the past
Filling my mind and dreams
I long for the silent aftermath
Here in my restless sleep
Shadows on walls desintegrate
As daylight filters through
Sadness and rage retrieve away
And hope inside me's renewed

Just give me some kind of sign
To let me know I'm on the road
That I'm supposed to be
In this space I am confined
In a stone cell on my own
One day I know I'll be free

I'll be free...
I'll be free...
