Fire fire fire fire
Pressure pressure pressure
Fire fire fire fire
Pressure pressure pressure

Let's kick an animal's?
I think a number crunched our brains
Let's fire computer away
I bet a? won't press play

Zero, zero, four
I know my goal, goal, goal
Can't take this
Zero, zero, four
I know my goal, goal, goal
Can't take this

Untelligent, untelligent, untelligent, how old are you
Untelligent, untelligent, untelligent, how old are you

We've burned down the office, leave while you can
Don't take photocopies, just drop them and run
We've burned down the office, leave while you can
Don't take photocopies, just drop them and run

Untelligent, untelligent, untelligent, how old are you
Untelligent, untelligent, untelligent, how old are you
Untelligent, untelligent, untelligent, how old are you
Untelligent, untelligent, untelligent, how old are you
