Hey honey hey lover tell me what this is
Is this all that I'll ever get from you
Hey honey hey lover you could have left by now
Am I the only one that sees that something here is
wrong

But hey won't you stay you know that I won't say I won't
say anything
Lord you know that I don't I don't want it that
Lord you know that I don't I don't want it that way
I don't want it that way

Oh father help me please give me strength
I need a little time to sort out where I'm coming from
I'll buy some roses I'll buy you lilies too
'Cause there ain't never gonna be nobody else there
for you
