Oh Horatio

I met horatio five years ago
Outside of munich on the way to rome
It was 45 degrees and I could barely breathe
He waved and said hey come sit by me
I was scared at first cos when he spoke it wasn't very
soft
He told me about the life long love of his heart
Had a t-shirt on that said we're all gonna die alone
I still believe that's true oh I truly do

I want you to notice
I want you to care
Oh horatio
Oh horatio

I want you to notice
I want you to care
Oh horatio
Please don't go
Please don't go

He was 22 unemployed with a perfect smile
On his way to paris no I never asked why
His english was as bad as mine but I will
Remember those hours for the rest of my days

I want you to notice
I want you to care
Oh horatio
Oh horatio

I want you to notice
I want you to care
Oh horatio
Please don't go
Please don't go

Oh horatio

... repeat and fade out
