She went down by the water
To give us some room
All I need is a good five
Minutes of your time
So we can sort things out
And you can appologise
For making me feel like
Feel like a sell out

I don't feel like a sell out x2
Oh, I don't feel...

She went down by the water
To give us some room
All I need is a good five
Minutes of your time
So we can sort things out
And you can appologise
For making me feel like
Feel like a sell out

I don't feel like a sell out x2
Oh, I don't feel...
