A strange and wonderful thing has happened here  
It's a miracle of some sort nothing to fear

Cause she laughed and said 'would you make mine a  
double'

I smiled and thought 'you'll offer me nothing but  
trouble'

It's a strange and wonderful thing to feel this way  
It's a miracle of some sort to here you say  
That tonight you don't wanna be alone  
We'll stop for chinease on our way home

Cause she laughed and said 'would you make mine a  
double'

I smiled and thought 'you'll offer me nothing but  
trouble'

Trouble trouble
