Yeah

You're always on my mind girl  
Don't you know that you always

I remember when  
When I first met you  
I knew just what to do  
I had to get to know  
To get to know your right  
Through the darkness you're my light

You're always on my mind  
I've been waiting so long  
For you I wrote this song  
Girl you don't what you've got  
Until your world has gone  
This is why our love is strong

Girl you've got me singing with some melody  
You're always on my mind  
This is what you do to me  
Girl you've got me singing with some harmony  
Forever you're my queen and baby girl I'm your king

I am not afraid  
Afraid to say the words  
Even if my brothers heard  
Because of what you mean  
And what you mean to me  
You have given everything

You have changed my life  
More than you'll ever know  
This is why I have to show girl  
That you were everything  
And everything to me  
Baby girl I hope you see

Girl you've got me singing with some melody  
You're always on my mind  
This is what you do to me  
Girl you've got me singing with some harmony

Forever you're my queen and baby girl I'm your king

You're always on my mind girl  
Well don't you know that that you're always  
You're always on my mind girl

Yeah  
Yo

You're always on my mind girl  
Don't you know that that you're always  
You're always on my mind girl

Yeah
