B. Dozier, Hot Rod, Tila Oh my God

I like to fuck every day, every night  
I like to fuck when it's wrong, when it's right  
I like to fuck if she black, if she white  
I like to fuck if it's loose, if it's tight  
Chaka Khan

I met this girl named Tammy  
I plowed her in Miami  
The way she want it getting up in my studio  
I should win a Grammy

All my girlfriends trip 'cause I give good dick away  
And make them all say daddy  
Like fuck, yeah, that's what's up  
Every thirty seconds gotta bust it

[Refrain]

Baby don't take it personal when I go and fuck these  
hos  
Lets talk about the word fuck for a second  
I make love to you  
Don't get it fucked up baby you're my queen  
Even though I go and put my dick in everything  
Baby it's just causeâ€¦!

I like to fuck  
Bitch, once you go black you ain't ever going back  
Hop up in my Cadillac  
Let's go for a ride  
Baby, you ain't gotta take your panties off  
Just move'em to the side, side the side  
Now I'm fucking with the lights

Pretty bitch, lights on  
Ugly bitch, lights off  
I got money, I'm a boss  
Hustlin like Ricky Ross, yeah

Faces down, asses up

That's the way I like to fuck  
No hands drippin' wet  
That's the way you like to suck

[Refrain]

Baby don't take it personal when I go and fuck these  
hos  
Lets talk about the word fuck for a second  
I make love to you  
Don't get it fucked up baby you're my queen  
Even though I go and put my dick in everything  
Baby it's just cause!

I like to fuck sexy boys, sexy girls  
I like to fuck leather pants Jheri Curls  
I like to fuck suck cock until I hurl  
I like to fuck everybody in the world  
Michael Jackson

Shot of tequila get'em real hot  
I blow the Dozier, I ride the Hot Rod  
Squirt like the wipers on my hot car  
Amase mamasa amatusa  
Suckin on my titties so milky  
I get dirty with it  
I'm so filthy  
Do it like you wanna make a baby, yeah, milf me  
If it ain't yours you can still come and drill me, right?

[Refrain]

Baby don't take it personal when I go and fuck these  
hos  
Lets talk about the word fuck for a second  
I make love to you  
Don't get it fucked up baby you're my queen  
Even though I go and put my dick in everything  
Baby it's just cause!
