It's like you caught up in a maze
You keep on going in circles girl
You're trying to find your way out
But it's time I put on my cape and
Put that S on my chest
I wanna come and save you
But I'm stuck in the middle
Of seeing you hurt
I know when you love him
And you wanna make it work
And I can't help
But think that I known you first
It's getting louder girl
I can't ignore it no more

Chorus:

Can hear my heart, crying out for you
Can hear my heart, crying out for you
And it keeps on saying
Come on in, come on in, come on in and save me
And it keeps on saying
Come on in, come on in, come on in and save me
Can hear my heart, crying out for you

Baby, I should've never caught no feelings
But baby, having late night
Conversations on your sofa
You telling me how he played you out
Over and over, over and over
But I'm stuck in the middle of seeing you hurt
I know when you love him
And you wanna make it work
And I can't help
But think that I knew you first
It's getting louder
I can't ignore it no more baby

(Chorus)

Can hear my heart, crying out for you
Can hear my heart, crying out for you
It's saying

Come on in, come on in, come on in and save me
Come on in, come on in, come on in and save me
Can hear my heart, crying out for you

I don't wanna confuse things
But I just can't keep lying to myself
When you're holding me
I can feel your pain
Oh baby let me be your dream
You're the answer, come see me
And you don't have to cry no more

Boy, I can hear my heart
I can hear my heart
Boy it's crying
Won't you listen to your heart baby

[Chorus]
Can hear my heart, crying out for you
Can hear my heart, crying out for you
And it's saying
Come on in, come on in, come on in and save me
Come on in, come on in, come on in and save me
Can hear my heart, crying out for you

Boy I can hear, hear it crying for you
For you, for you, for you

Ladies wave your hands in the air
Ladies wave your hands in the air

Oh baby
It's crying for you
It's crying for you, for you
