Faith, putting faith to your god  
Trust, wasting trust in belief  
But still you're living in fear  
The fear of what I live for  
Asserts, you say I'm forever lost  
Fire, you say I'll suffer in fire  
So what have I done to my life?  
What am I living for?

The dragon  
Sets me free  
And his fire  
Lightens me  
With his wings  
I can fly  
While you run  
I conquer

Revelations, pure frustrations  
Enrich your soul  
But do you know  
What you self are living for?  
You fear desire  
Only heaven has a cure  
It is in your faith  
To waste all worth living for

I love my sins  
Of lust I shout  
And you're so dull  
Behind your lies  
You fade to death  
Pretending all your life  
You curse the joy  
And hail distress  
The dragon  
Sets me free  
And his fire  
Lightens me  
With his wings  
I can fly  
While you run

I conquer

Faith, there is no use of your faith  
Trust, I'm laughing at your blind trust  
You're wasting all of your life  
To please a death and blind god  
Asserts, your words - a strike in the air  
Fire, no one will suffer in fire  
I am gilding my life  
With the knowledge I forge

I live the way of the strong  
You are the weak
