Just tell me
Just tell me
Someone tell me I did the right thing.
Just tell me
Someone tell me I did the right thing.
The right thing.

And fate could no longer wait
And I'm tired.
I couldn't stand watching you falling down.
And I'm tired.

Just tell me
Just tell me
Someone tell me I did the right thing.
Just tell me
Someone tell me I did the right thing.
The right thing.

And fate could no longer wait
And I'm tired.
I couldn't stand watching you falling down.
And I'm tired.

And I miss you so much I die at sunrise.

Time could no longer wait.
Time could no longer wait.
And I miss you so much I die at sunrise.
