Let that lonely feeling go  
Let that lonely feeling go  
Let that lonely feeling go  
Just today

Ain't no roads here paved with gold  
Ain't no roads here paved with gold  
Ain't no roads here paved with gold  
Anyway

Just keep on moving on  
Keep looking until you're done  
And settlin' down is a waste of time  
Keep your pace

When you sleep at night alone  
When you sleep at night alone  
And though the stars and feeling old  
It'll be okay  
It'll be okay

You feel like life's too long  
And it's cadence is all wrong  
Leave your step in time  
But change your way

Can't make everything right now  
And there is sense in slowing down  
When you leave this world alone  
What will you take

If what you seek ain't free then steal it  
If ain't necessity you don't need it  
Just leave what's left for who comes next

I have words to comfort you  
I'd say them  
Give you everything I got  
If you need it  
You goin' west come May  
Just stay the same

Whoa, no never change
