#### Verse 1

There was a time I wasn't quite sure  
You always said your life is such a bore, yeah  
Your face is lying and your alibis are bought  
Well I'm not buying it; you're not what I thought  
The world is full of people just like you  
Well I'm hell bent on change, so fuck your views, yeah

#### Chorus

Get Up Get Down, Let's burn it to the ground  
Get Caught Get Show, no one will be around  
When your world comes crashing down to the ground  
You'll be forsaken

#### Verse 2

In the morning it's like a blind date gone bad  
With forgotten names in unfamiliar places  
Hope you realize with each passing day  
The leap of faith is just a single step away, yeah  
Sorry darling but your end has come today  
With your hallucinations and your bitter-sweet escapes,  
yeah

#### Chorus

Get Up Get Down, Let's burn it to the ground  
Get Caught Get Show, no one will be around  
When your world comes crashing down to the ground  
You'll be forsaken

#### Interlude

Through my tired eyes I find, You're Blind  
The bitter sorrow through it all is that you got left Â–  
behind  
When your world comes crashing down to the ground  
You'll be forsaken

#### Guitar Solo

#### Chorus

Get Up Get Down, Let's burn it to the ground  
Get Caught Get Show, no one will be around  
When your world comes crashing down to the ground

You'll be forsaken

Verse 3

Well you think the world owes something to you  
It's all your crazy choices and your misguided truths,  
yeah  
Stop looking around with your oblivious stare  
Realize the pain in your endless tears  
Open up your heart and your careless mind  
To reluctant change in these unforgiving times, yeah

Chorus

Get Up Get Down, Let's burn it to the ground  
Get Caught Get Show, no one will be around  
When your world comes crashing down to the ground  
You'll be forsaken

Chorus

Get Up Get Down, Let's burn it to the ground  
Get Caught Get Show, no one will be around  
When your world comes crashing down to the ground  
You'll be forsaken
