Verse 1

I don't feel alive and well
Felt so cold and out of breath
A broken heart can survive
When the pieces are kept alive

It's said and done can't fill my empty heart
I can't believe I won't face the dark
You were the one who always said to me
You gotta stop and believe

Chorus

For all the times that didn't die that night
I'm never gonna move on, with my life
The times we had didn't die that night
I'll always remember to hold on - tight

Verse 2

We all have memories, to hold and to share
Words can't express how I feel
We sit together saying our final goodbyes
I can't help, the endless tears from my eyes

Oh no
From my eyes
Oh ohhhh
Goodbye
Goodbye

Chorus

For all the times that didn't die that night
I'm never gonna move on, with my life
The times we had didn't die that night
I'll always remember to

Over Chorus

Not a day goes by; I don't reach up at the sky
And wonder why
Not a day goes by, I just can't
Just can't stand to say goodbye

Verse 3

We come together during these trying times
Trying to remember all the good times
We stand praying with our hands held high
Wiping tears from our eyes

Chorus

For all the times that didn't die that night
I'm never gonna move on, with my life
The times we had didn't die that night
I'll always remember to hold on to

Outro Chorus

All the times that didn't die that night
I'm never gonna move on, with my life
The times we had didn't die that night
You will always be a part of my life
