Intro

Rest my brother
Rest in your shining sun
And let the angels
Lead you to the promised one

Verse 1

Where was I when you were lying
Face down on the floor

So many times I've asked
What the hell went wrong

Why were you left alone, broken
While your time passed by

Been searching for answers
That I can never find

Memories of yesterday come
Quickly to my mind

But now you're standing resting high upon
Your shining sun

Chorus

Rest my brother
Rest in your shining sun
And let the angels
Lead you to the promised one

Verse 2

Do you remember yesterday a broken
Piece of my life

You held me in your arms when I
Broke down and cried

Between me and you up there you are
Where you belong, in heaven

But now you're standing looking down from

Your shining sun

Chorus

Rest my brother
Rest in your shining sun
And let the angels
Lead you to the promised one

Chorus

Rest my brother
Rest in your shining sun
And let the angels
Lead you to the promised one

Verse 3

You're watching over me, my brother
You're my angel in the sky

I look up to the stars above
And wonder why

Will you raise me higher than the sun
Where we'll take this path as one

But now you're standing resting high upon
Your shining sun

Chorus

Rest my brother
Rest in your shining sun
And let the angels
Lead you to the promised one
