A boy was looking at the sky
His telescope and eager eyes were fitted on the
distance
He thought nothing else could come between
His life was full and evergreen and gone in an instant

The moon was waiting for someone
To come along and waste some time
Waste some precious time
It was over all too soon

Astounding moon
Solemn and pale
Astounding moon
There hangs a tale
A fool is never alone
Astounding moon

She'll eat you out of house and home
Then leave you feeling more alone as if it never
happened
But winter skies are clear and bright
The stars as close as satellites or a drinking glass
that's shattered

The moon is waiting for someone
To come along and waste some time
Take some precious time
It'll all be over soon

Astounding moon
Solemn and pale
Astounding moon
There hangs a tale
A fool is never alone
Astounding moon

Putting me in touch with myself
You know me so well

Astounding moon
