When you asked me how does it feel
To be loved by someone like you
I could only answer with this song

Many colors fill the canvas
Will I ever catch your drift, girl
Make a shape and give the feeling form

I will carve you in marble
Carve you 'cos I love you
I will carve you in marble

Everyday, I crave your presence
Lose myself in tender feelings
You and I will stand the test of time

I remember nights of passion
Drifting into days of wonder
Memories of all we leave behind
