"Fraction Too Much Friction"

Visit "[Fraction Too Much Friction](#)" on MotoLyrics.com

There's a fraction, too much friction
There's a fraction, too much friction
There's a fraction, too much friction, yeah, yeah
There's a fraction, too much friction

Take a typical man put him
With a typical woman then
Sit back and watch everything slide

It's a perfectly natural
Expression of ill will but
When will hostilities subside?

There's a fraction, too much friction
There's a fraction, too much friction, yeah
Don't believe in opposing factions
What we need is some positive action
There's a fraction, too much friction, yeah, oh, yeah

It's a very old problem that
Goes back to the dark ages
The wages of original sin

Let's make it a better world
Let's shake it you, boys and girls
It's never too late to begin

There's a fraction, too much friction
There's a fraction, too much friction, yeah
Men and woman need each other
Should be like sister and brother
There's a fraction, too much friction, yeah, oh, yeah

La la la

Look for a man who will love his woman
Look for a woman who will love her man
Look for a man who will love his woman
Look for a woman who will love her man

I swallowed my pride for you
My personal highs bore you

You're too wrapped up in your own world

I'm not a man for nothing
I gotta become someone
Inside this oyster there's a pearl

There's a fraction, too much friction
There's a fraction, too much friction, yeah
Holding on to the bygone era
Everybody shout 'cause we're getting nearer
There's a fraction, too much friction, yeah, oh, yeah
Oh, yeah

What we need is some positive action
What we need is some positive thought, yeah
