(Tim Finn)

In the end it all depends on you
No matter what you're going through
There's always gonna be more than one point of view
Yes I did I finally found it
Kept it hidden from myself for so long
I finally found it yes I did
Yes I did I finally found it
Kept it hidden from myself for so long
I finally found it yes I did
For every wave upon the beach
I want to ride a wave with you
For every starfish in the sea
I want to swim away
Yes I did I finally found it
I've been searching for so long
But I found it now
And I'm never gonna lose it
Yes I did
