I don't know, how I survived
In this cold and empty world, for all this time
I only know, that I'm alive
Because you love me

When I recall, what I've been through
There's some things that I wish I didn't do
And now I do the things I do
Because you love me

And now that you're in my life
I'm so glad I'm alive
Cuz you showed me the way,
And I know now how good it can be
Because you love me

Oh, and now that you're in my life
I'm so glad i'm alive
Cuz you showed me the way
And I know now how good it can be
Because you love me

I believe in things unseen
I believe in the message of a dream
And I believe in what you are
Because you love me

With all my heart, and all my soul
I'm loving you and I never will let go
And everyday, I'll let it show
Because you love me

Because you love me,
Ohh
Because you love me
